

### **Creative Writing Journal: Prompt 02**

**Prompt:** Examine the new sea life in the marine aquarium in the lobby. Select one of the fish, creatures, or ornamental corals in the tank and describe what it is like to live in such an environment. Try to be as specific and detailed as possible (hint: think about the five senses). As you write, keep in mind that "showing" the reader what you are experiencing holds more value than simply "telling" them.

If you are having trouble getting started with your response, perhaps you might consider the following: What do you see on the inside/outside? How are the living conditions? What are the other fish like? What kind of fish are you? Do you have a name? What do you look like?

**Length:** 1 page minimum (handwritten in journal)
